

PolyDek Sheet Materials

RUBBER TOPPED SLIP-RESISTANT SHEET

- Recycled HDPE base board
- Laminated thermoplastic rubber top
- Smooth and button textures available
- Excellent slip-resistant properties
- Resistant to chemicals
- Maintenance free
- Easily machined and engraved
- No heavy metals
- No phthalates

SHEET SIZES AND THICKNESS

Typical Sheets size: 1500mm x 3000mm

Available Thickness: 13+2mm and 16+2mm

Texture: Smooth or Button (both with grain texture)

APPLICATIONS

Decking, playground platforms and climbing walls, walkways, ramps and anywhere an slip-resistant surface is desired

PolyDek is a strong recycled polyethylene board, laminated with a 2mm layer of thermoplastic rubber. It is used for playground platforms, walk ways, ramps and general adventure playground applications due to its excellent slip-resistant properties and durability. It can be used in any situation where you need a non slip walk way or surface. Polydek is ideal for playgrounds, parks and play spaces as it is weatherproof and easy to maintain. The recycled polyethylene board ensures the required stiffness whilst the rubber layer enhances the product with excellent slip-resistant properties.

Environmentally friendly and easy to clean, PolyDek is unaffected by moisture and due to its excellent wear and chemical resistant properties, requires little or no maintenance. Perfect for any outdoor or heavy duty use area. Available in a Smooth or Button effect finish, PolyDek is ideal for a variety of applications including walkways, steps, ramps, climbing walls, decks and floor coverings.

SHEET TYPE: Recycled polyethylene sheet laminated with a 2mm layer of thermoplastic rubber.

SHEET DIMENSIONS: 1500mm x 3000mm (nominal) from stock.

SHEET THICKNESS: 13+2mm and 16+2mm from stock.

EXPANSION: The coefficient of thermal expansion for PolyDek is approx. 2.0mm per metre, per 10 degrees C.

SURFACE FINISH: Smooth (PolyDek-S) or Button Texture (PolyDek-T).

COLOURS: Anthracite grey from stock, other colours are available, but require a minium order quantity of 6000 Kg depending on colour.
